

We believe you are a great **AWAKE ANGEL** (Alert, Well And Keeping Energetic )

**We have to act now! Our members face a true crisis and emergency.**

The American Sleep Apnea Association (ASAA) is the leading non-profit patient organization focused on sleep apnea, **a condition now afflicting at least 25 million adults** in the U.S. associated with serious chronic co-occurring conditions like obesity, diabetes, high blood pressure, and cardiovascular disease. ASAA's all-important mission is to improve the lives of sleep apnea patients through direct services, education, community building and research. **Make no mistake. Untreated or poorly treated sleep apnea is serious and it can kill!** The official cause of death, at 60, of iconic Star Wars actress Carrie Fisher (Princess/General Leia) was obstructive sleep apnea.

**CPAP machines and their mask** are often **the only effective therapy** to treat sleep apnea and are **essential to the wellbeing of millions**. Unfortunately, both are **expensive**.

Our unique CAP Program which assists the most disadvantaged has **provided over 7,500 patients** nationwide with a PAP device, and many more with the essential quarterly mask replacements. As one of the program recipients said ***"I went from walking in the mud on the bottom of the ocean to walking on the sand on the top of the hill. The release from all the heaviness is amazing."***

Now, Millions of sufferers from sleep apnea **are no longer able to pay for the necessary mask replacement** that is essential to keep their CPAP therapy hygienic and in functioning order.

**We must immediately provide the critical help** needed by those no longer able to cover the cost of these life-saving supplies. Therefore we are putting our **14,000 factory-sealed CPAP masks** into the hands of those that need them most. NOW is the time to help many.

**We need your help! Can we count on your support and involvement in identifying potential matching angels as we build our ANGEL TEAM together?** The fully-funded program will meet **the needs of over 7,000 unemployed people** with enough supplies for 6 months!!

## We need your support and involvement to build our **ANGEL TEAM**

A fully-funded program will meet the needs of **over 7,000 people** with enough supplies for 6 months.

### The full **AWAKE ANGEL** mask funding program is \$350,000

Helping 20	\$1,000
Helping 50	\$2,500
Helping 100	\$5,000
Helping 300	\$15,000
Helping 500	\$25,000
Helping 1,000	\$50,000
Helping 2,000	\$100,000
Helping 5,000	\$250,000
Helping 7,000	\$350,000

Our free of charge **AWAKEtogether** Summit will be webcast on May 15, 2020, to our community and the general public. **We look forward to announcing your generous AWAKE ANGEL contribution** (with your permission or anonymously if you prefer) and its impact on the life of thousands of sleep apnea patients.

Please contact me with questions about the program and your contribution.

Thank you,

Gilles Frydman
